

# Week at the Creek

Week of May 9, 2022

## Hawk Families,

This past week we celebrated all our teachers and staff and THANKED them for all their hard work and dedication to Hickory Creek! Hickory Creek is an incredible place to work and learn because of our staff. I want to thank our PTO for making our teachers and staff feel valued and appreciated.

During the next few weeks, we have a lot of field studies coming up: 1<sup>st</sup> grade to the IMAX theater, Kindergarten is going on a boat cruise, 3<sup>rd</sup> grade is going to Bowl America, and our 5<sup>th</sup> graders are being treated to a special lunch at Don Juan's Restaurant.

I would like to wish all our Hawk Mothers a very Happy Mother's Day. May your kiddos shower you with love!

Looking forward to another Week at the Creek!

*Mrs. Yvette Cubero-Gonzalez*

## A Message from Nurse Mary

We are experiencing a high volume of stomach bug cases here at Hickory Creek.

The symptoms we are seeing include vomiting, diarrhea with stomach pain and in some cases fever. Our goal is to stop the spread and clear the virus from our school.

In hopes of achieving this goal, we are asking for parent's help. Please make sure if your child is showing any symptoms of nausea/vomiting, diarrhea, stomach pain or fever, keep them home from school until all symptoms have resolved. Students who have vomited or had diarrhea should stay home for a minimum of 24 hours after their last episode. Thank you joining us in our efforts to make sure our students/staff stay safe and healthy.

## **UPDATED COVID-19 Information**

Please review the SJCSD protocols found at <https://www.stjohns.k12.fl.us/covid-19/>. In addition, please take time to review the [Student Health Screening Entry Form](#). Should your child have any of the symptoms listed, please consider keeping them home. While masks are not mandated, it is an option for our families and staff. We will respect each other's choice. If you are interested in desk shields for your child, please contact your child's teacher directly.

The Department of Health updated their emergency rule (64DER21-15) to include instruction student quarantines.

1. *Student quarantines: (3)(a) Parents or legal guardians of students who are known to have been in direct contact with an individual who received a positive diagnostic test for COVID-19 may choose one of the following options:*
  - a. 1. Allow the student to attend school, school-sponsored activities, or be on school property, without restrictions or disparate treatment, **so long as the student remains asymptomatic**; or
  - b. 2. Quarantine the student for a period of time not to exceed five days from the date of last direct contact with an individual that is positive for COVID-19.

To notify us of your child's positive COVID-19 test result we are requesting that you complete the [Optional Positive Student Reporting Form](#). However, should you feel you need to discuss your child's COVID-19 scenario in detail, please feel free to bypass the form and **call the District COVID Support Team at 904-547-8230.**

When we receive information regarding a positive student, we will communicate to **all** parents in the classroom that there has been a positive case in your child's class. In the past, we have only communicated to close contacts. By making this adjustment, we can notify parents faster and more efficiently.

For more information, please visit our school district's [COVID Information web page](#).

**Please note**, in order to sign-in to our lobby computer as a volunteer, you **MUST** be a cleared volunteer and you **MUST** have a driver's license. Please follow the directions posted on the computer to sign in. Ruth, our receptionist, can also help.

Please visit our site regarding school access:
