

Communicate the Following Testing Policies to Parents/Guardians and Students

- **Electronic Devices Policy**—Electronic devices are not permitted during testing and violation of this is grounds for test invalidation.
- **Leaving Campus**—If students leave campus before completing a test session (e.g., for lunch, an appointment, etc.), they **will not** be allowed to return to that session.
- **Testing Rules Acknowledgment**—All statewide tests include a statement that students sign/confirm verifying that they will abide by the testing rules.
- **Discussing Test Content after Testing**—By signing the Testing Rules Acknowledgment, students also affirm that they will not discuss or reveal details about the test content (including test items, passages, and prompts) after the test.

***While students may not share information about secure test content after testing, this policy is not intended to prevent students from discussing their testing *experiences* with their parents/families.**

Communicate the Following Testing Policies to Parents/Guardians and Students

- **Working Independently**—Students are responsible for doing their own work during the test and for protecting their answers from being seen by others. If students are caught cheating during testing, their tests will be invalidated. In addition, FDOE employs Caveon Test Security to analyze student test results to detect unusually similar answer patterns. Students' tests within a school that are found to have extremely similar answer patterns will be invalidated.
